

## Development from Birth to one year

Posted by paramita.mba@gmail.com - 16 Apr 2015 09:31

---

Infancy from birth to one year.

New-born babies can:

See faces as fuzzy shapes

Grasp an object that has touched the palm of their hand

Turn their head to look for a nipple or teat if their cheek is touched

Suck and swallow

Try to make stepping

Movements if they are held upright with their feet on a firm surface

Startle in response to a sudden sound or bright light

Stretch their arms suddenly and then bring them in if they feel they are falling

Recognise their mother's voice and smell

Cry when they are hungry, in pain, need feeding, changing or just cuddling.
